MUNDARE SCHOOL

It's so great to be back in school with kids in their seats. We missed all of the daily interaction and the ability to witness all of their personal growth right in front of our eyes! Our school has many safety rules to follow to keep everyone safe and secure. This is all part of the new school year-masks and all!

Together, we will all make it through this pandemic period.

Our classrooms are busy getting back into routine. Mrs. Moroz is back this year at Mundare School teaching grade 5/6 and Mrs. Kelly Sawatzky has joined our school team as School

Counsellor and teacher. Welcome!

The students are also excited to be back in the building and they continue to amaze us all with their resilient attitude towards any challenge or change. We are proud of them!

For the most current information about our school, please consult the school website (newsletter) or Twitter and Facebook. We are all looking forward to a long stretch of warm fall days and many opportunities to be outside with our learning, as well. Welcome back to school, Mundare Families!!

FUN FACTS :

In 1905, an 11-year-old boy named Frank Epperson left soda powder and water outside overnight with its wooden stirrer still in the cup. The mixture had frozen in the chilly nighttime weather, and so the Epsicle was born. He sold the treat around his neighborhood and a nearby amusement park and even patented the recipe. Years later, he changed the name to Popsicle because that's what his kids called their pop's concoction
