### Radon:

Have you tested your home for it?

Real Estate Tips with Melissa

Radon is a radioactive gas that causes lung cancer

**about 1 in 15 homes in Canada has unsafe levels of radon**

Radon is naturally occurring and can seep into your home through your homes contact through the soil.

**You can hire a professional to test for Radon or you can do it yourself**

Short Term tests stay in your home for 2 to 90 days  
The long term kit stays for more than 90 days and are more accurate.

For more information visit: [www.canada.ca/en/health-canada/services/health-risks-safety/radiation/radon.html](http://www.canada.ca/en/health-canada/services/health-risks-safety/radiation/radon.html)
